Summary

Flutter developer with over two years of experience developing mobile applications for Android and iOS. I seek to apply my skills in a professional work environment and contribute to creating smooth and innovative applications. I have extensive experience in dealing with Flutter, Firebase, RESTful APIs, and state management using Bloc/Cubit And Riverpod, and I aim to develop my skills within a professional team.

Professional Experience

Cellula Technologies - 2 Mounths (Remotely), Flutter Developer　　Feb 2025 – Apr 2025
Egypt
- **Cellula Robotics Ltd.** develops autonomous underwater vehicles (AUVs) with sustainable, hydrogen-powered solutions.
- The company provides advanced robotics for defense, resource exploration, and marine energy.
- As a **Flutter Developer intern**, I worked on app performance, UI design, and system integration for smart robotics.

Sherkety - 6 months (Remotely), Mobile Application Developer　　Oct 2024 – May 2025
Germany
- Practical training on entrepreneurship and startup development.
- Comprehensive coverage of legal, administrative, and technical essentials.
- Designed to equip participants with tools for successful business growth.

Career180 (LearnIT Academy), Flutter Developer Intern - 3 Months (Remotely)　　Sep 2024 – Nov 2024
Egypt
- Participation in a training program for developing mobile applications using Flutter.
- Enhancing technical skills in navigating between screens and creating distinct user interfaces.
- Apply the Clean Architecture concept to design applications efficiently.

Internship Pakistan - 2 Months (Remotely)　　Sep 2024 – Nov 2024
Pakistan
- Develop Flutter applications oriented to use interactive and elegant user interfaces.
- Commitment to specified working hours and gaining experience in an international work environment.

CodeAlpha Internship

App Development Intern - 3 Months (Remotely)　　Sep 2024 – Nov 2024
India
- Implemented practical mobile application projects using Flutter, focusing on improving performance and user experience.
- Collaborate with a diverse technical team to develop MVVM architectural applications.

Python Programming Internship (Remotely)　　Feb 2024 – May 2024
India
- This internship focused on practical applications of Python programming, specifically in machine learning, game

ITI

Mobile Development using Flutter - 3 mounths (Remotely)　　Sep 2022 – Dec 2022
Egypt
- The internship focused on developing applications using Flutter,
- where I learned the basics of Dart and Flutter, navigating between pages, and other essential skills required to build a complete project with a user interface.

Education

Digital Egypt Pioneers Initiative - DEPI　　Oct 2024 – present
Cairo, Egypt
Participant in Digital Egypt Pioneers Initiative (DEPI) - An intensive training program by the Egyptian Ministry of Communications and Information Technology, specializing in Mobile App Development track.

(Bachelor) of Faculty of Computers and Artificial Intelligence, Department of Computer Science,Graduation year 2025 with GPA 2.7　　2021 – 2025
El Fayoum, Egypt

Projects

Sherkety App   Nov 2024 – present
- Developed a comprehensive company formation app with detailed guides on business types and registration processes.
- Integrated AI-powered chatbot for real-time assistance, alongside a business card system with scanning/sharing capabilities.
- Will Published on both App Store and Google Play Store.

Tkween 🔗   Mar 2025 – Mar 2025
- Developed a fully featured book store app using Flutter with secure JWT authentication, guest mode, integrated payment system and order tracking.
- 🍎 App Store 🔗
- 📱 Google Play Store 🔗

Ease Of Learn (EOL) Graduation Project: A+ 🔗   Jun 2023 – Jul 2024
- Ease Of Learn (EOL) | Graduation project.
- An app that helps students improve their academic performance by creating personalized study schedules and providing round-the-clock support via chatbot.

Chat App 🔗   Sep 2024 – Sep 2024
- A chat app using Firebase and a custom AI model.

Technical Skills

Programming languages
- Dart & OOP & SOLID
- C++

Frameworks
- Flutter
- FireBase

State Management
- Bloc/Cubit
- Riverpod

Application architecture
- Clean Architecture
- MVVM Architecture

Version management
- Git & version control systems

Databases
- Dealing with local databases
- RESTful APIs

Interface design tools
- UI/UX
- Animation

Courses

Mobile Development using Flutter, ITI	Sep 2022 – Oct 2022
Complete Flutter & Dart Development Course, Udemy 🔗	Aug 2023 – Oct 2023
Flutter Advanced Course Bloc and MVVM Pattern, Udemy	Aug 2024
Flutter Clean Architecture, Udemy	Sep 2024
Git and GitHub, Coursera	Apr 2022 – May 2022
Cyber Security, ITI	Aug 2023 – Sep 2023
Introduction to Artificial Intelligence and Applications Training, Zewail City	Aug 2023 – Oct 2023

Volunteers

GDSC Fayoum University, Flutter Developer instructor 🔗	Oct 2025 – present Faiyum, Egypt
Idea Community, instractor for problem solving (C++) 🔗	2023 – 2024 Fayoum, Egypt
Google Developer Student Clubs, Cyber security Member	2022 – 2023 Fayoum, Egypt
